Fully Alive as Missionary Disciples

Because today's readings center on marriage, let's take a moment to consider that sacramental union as a form of stewardship. In the first reading, we see that God took Adam's offering of self (his rib) and used it to create a most perfect gift -- a partner for him. God loves Adam and gives him the gift of life; in response Adam uses that life and cooperates with God's plan. God then uses Adam's gift to bless him even more by creating for him a mate. The stewardship cycle of recognizing and receiving God's gifts and then using them to further his plan is quite evident here. In marriage, we live as stewards by giving ourselves to one another, by receiving one another as a gift, and by intimately living our marriage in union with God and His will. This is why Jesus insists that "what God has joined together, no human being must separate." As disciples in the vocation of marriage, it is essential that we receive our spouses as gifts from God. Let us respond in gratitude and use our marriages to glorify God.
