Fully Alive as Missionary Disciples

When we look at today's readings, we see examples of the anti-stewardship mindset. In the first reading, we have

Qoheleth, who basically minimizes the value of life to his wealth and possessions, of which he has none. His tone is somewhat resentful that for all his hard work, he has nothing to show for it at the end of his life. Then in the Gospel, Jesus has to point out possessions are not the indicator of a "rich" life, and that we should "take care to guard against all greed." Being a good steward means showing gratitude by sharing our blessings and using them to enrich the lives of one another. It does not mean building bigger barns to store the gifts we have been given. This applies not only to our wealth and possessions, but to every aspect of our lives as disciples. Let us open our minds and hearts to our call to stewardship!
